About The Founder

Mr. Poland Moosa Haji

The legacy of Fragrance World Perfumes is rooted in the incredible journey of its founder Mr. Moosa. Born in Kerala, a child from an impoverished background, Mr. Moosa overcame many obstacles rising from his humble origins through perseverance and resourcefulness. With several stops along the way, he eventually established Fragrance World LLC, growing it to an organization that reaches over seventy-five countries worldwide.

To Mr. Moosa, the role does not matter. His only aim is to grow Fragrance World to the position of the number one fragrance destination in the world. He believes that integrity and hard work can pave the way for any achievement. He attributes his success not just to this work ethic but to his family and the many people who joined him on his journey along the way. Outside of work, Mr. Moosa is an avid traveler who loves to study cultures and ideas from around the world.

Mr. Abdul Salam
Joint CEO

Mr. Abdul Salam is the current Joint CEO of the organization along with his brother, Mr. Safeer Moidu. Salam single-handedly leads the entire sales force. Passionate about business since a very early age, he has followed in his father's footsteps and taken Fragrance World to greater heights with his unerring business acumen and hard work.

He thoroughly enjoys being involved with the business day in and out. Organizing and structuring the company to its present state and introducing a premium range of perfumes in the company's portfolio are some of his career highlights. Salam's life motto is to make Fragrance World a billion-dollar company that is known for authentic high-quality fragrances all over the world. He believes that doing good is central to a well-loved life. Outside of work, Salam is passionate about cricket and football both as a sportsman and as an avid follower of the games.

Mr. Safeer Moidu
Joint CEO

Mr. Safeer Moidu is the current Joint CEO of the organization along with his brother, Mr. Salam. He looks after business development with a focus on innovation and new projects. Inspired by his role model, his father, his sole ambition for Fragrance World is to transform it into the biggest destination for everything fragrance, for everyone across the world.

In his leisure time, Safeer loves to travel around the world. He constantly finds inspiration in different influences and ideas beyond the industry. He believes the success one is looking for, is in the work one is avoiding. If you face challenges head-on, then success is simply a by-product of putting in the work. With this motto, he works relentlessly to carry forward the organization's legacy.
